Total Hours for the Graduate Curriculum = 66 Graduate Credits (or 69 credits, if Neurobiology is taken at NAU)*

Any request for change in this program of study must be approved by the academic advisor. Any consequence relating to changes in this document are the responsibility of the student. The department reserves the right to change the order in which classes are offered.

*Prerequisite for CSD 551& CSD 552 is SST405, CSD 508, or equivalent. If the prerequisite is not yet met, it is added to the first semester's courses and CSD 651(Stuttering) is taken in fall, yr 2. In this case, the total number of graduate credits required for graduation will increase by 3.

**Prerequisite for the 1st practicum is completion of all previous CSD academic coursework noted on POS and completion of 25 hours of documented clinical observation hours. Prerequisite for each subsequent practicum is successful completion of preceding practicum.

***Students may complete two 3-credit electives or, with advisor approval, a 6-credit research project, or a combination of these options.

****Prerequisite for the externship is successful completion of all academic and clinical practicum courses.

Before EACH clinical experience, the CSD department must receive a completed **Practicum/Externship Information** form and a **Registration Checklist** form.
