

Computer-Mediated Communication (CMC) Questionnaire

The following questionnaire has been developed to investigate your attitude toward Computer-Mediated Communication (CMC), including e-mail, Threaded Discussion, and Real-Time Chat. You are to consider your course related use of CMC only. You will be presented with a statement about CMC and then will select the appropriate response listed under each statement. The following descriptions apply to entire questionnaire:

E-Mail: Electronic messaging system that permits communicating.

Threaded Discussion: Computer-based environments in which messages are 'posted' and read by users who may or may not be logged on simultaneously. It is required that the users must access the discussion boards to participate.

Real-Time Chat: Computer-based environments in which users communicate simultaneously.

Your responses will remain anonymous. Please answer each item.

Thank you for your assistance!

Part I:

Please read each statement carefully; then indicate the degree to which you **Agree/Disagree** with the statement as it relates to CMC, by selecting the appropriate answer.
