

# Community Investment **NOW**

## **Teach our children:**

Arizona ranks last in the nation for education funding spending 1/3 less than the national average of \$9000 per student.

## **Feed our children:**

In Arizona, 20.2% of children under 18 are food insecure, the 5th highest rate in the country.

**Funding our schools and feeding our children are investments in a safer, smarter community.**

**By voting to increase the state sales tax just one penny – from 5.6 to 6.6 cents per dollar – we can generate over one billion dollars to fund our state and our future.**

## **Fund our future:**

**Vote 'yes' in November 2010 and make your voice heard: community investment NOW!**
