Time analysis codes: Decision is based on what 51% of the observed students are doing at the time.

M = Management	Time when <i>most</i> students (over 50%) are not receiving instruction or involved in lesson activity (e.g., changing activities, getting out or putting away equipment, listening to behavior rules or reminder).
A = Activity	Time when most students (over 50%) are involved in physical movement (e.g., catching a ball, throwing at a target, running).
I - Instruction	Time when most students (over 50%) are receiving information about how to move or perform a skill (e.g., how to move using all the space, watching a demonstration, listening to instructions).
W = Waiting	Time when most students (over 50%) are <i>not</i> involved in the other categories (e.g., group activity but only one or two are participating, waiting for a turn, off-task behavior, waiting for the teacher to give directions).
