TO: Barry Lutz

FROM: Terence Blows, Curriculum Chair, Department of Mathematics and Statistics

DATE: October 29th, 2007

SUBJECT: Summary of Curriculum Materials

Undergraduate

1. A Plan Change for the Math Ed Minor moves one course from electives to the required course list. This now means that the Math Ed Minor contains at least one course in mathematics education.
2. New Course MAT 405. This is a teaching methods course in an on-line format offered to support two certification programs for the place bound student.
3. New Course MAT 406. This is a teaching methods course in an on-line format offered to support two certification programs for the place bound student.

Graduate

1. Course Change for MAT 508. This simply deletes an obsolete prerequisite
